ADHD

Gifted

The title "ADHD" is rendered in large, metallic, silver-colored letters with a polished, reflective surface. The letter "I" is positioned vertically in the center. Superimposed on the letters "A" and "D" is the word "Gifted" in a stylized, gold-colored script font. The "G" and "F" are particularly prominent, with the "G" having a large, ornate initial. The "F" is written in a flowing, cursive style. The overall composition is set against a solid black background, creating a high-contrast, dramatic effect.

Untitled1960

A large, bold, three-dimensional text "Untitled1960" is centered against a black background. The letters are a dark navy blue with a thick, metallic gold outline. They are surrounded by a dynamic, swirling pattern of glowing gold and yellow light, resembling flames or liquid metal, which creates a sense of motion and energy.
